The purpose of the "Vittiya Saksharta Abhiyan" is to actively engage the youth students of Higher education to encourage and motivate people to use a digitally enabled cashless economic system for transfer of funds. An important component of this campaign is to ensure that everyone become cashless by adopting digital payment systems.

#### Objectvie :

1. To encourage and motivate all payers to use digitally enabled cashless system.
2. The volunteers would need to be guided who are aware about the digital payment systems and participate in the effort.
3. Campaign for promoting a digital economy.

Government of India  
MINISTRY OF HUMAN RESOURCE DEVELOPMENT  
D/o Higher Education

Shastri Bhavan, New Delhi  
Dated the 5<sup>th</sup> December, 2016

To,

Heads of  
All Higher Educational Institutions in India

Subject: Launch of 'VITTIYA SAKSHARATA ABHIYAN' (VISAKA) -  
Campaign by students of higher educational institutions for  
promoting a digital economy

Sir,

You are aware that Ministry of Human Resource Development has launched **VITTIYA SAKSHARATA ABHIYAN (VISAKA)** - a campaign for promoting a digital economy through youth volunteers from the higher educational institutions of the country. Hon'ble Minister for Human Resource Development has already unveiled the plan in a Video Conference connecting all Universities/ITs/IITs/NITs/IIITs/IISERs/other higher educational institutions on 1<sup>st</sup> December, 2016. The details of presentation by Hon'ble Minister for Human Resource Development in the matter may be seen in [www.mhrd.gov.in/visaka](http://www.mhrd.gov.in/visaka).

Participation in the campaign by the youth in the higher educational institutions is highly relevant because they would be the main beneficiaries in creating a digital economy - free of corruption, black money; completely transparent and just. It is therefore essential that the heads of all institutions educate and train their students in the various modes of digital payments and encourage them to join as volunteers in large numbers for this campaign. These volunteers would need to be guided by faculty who are aware about the digital payment systems and are enthusiastic to participate in the effort.

An important component of this campaign is to ensure that every campus becomes completely cashless by adopting digital payment systems in all its receipts, payments and transactions within the campus. This process would need to be pioneered by you as a leader of the institution, personally.

The NSS and NCC units in your institution may be asked to meet immediately and identify one nearby market/mandi to transform it into a digital market place, where all shops/establishments/traders located therein are enabled with digital payment systems.

A website has been launched in [www.mhrd.gov.in/visakha](http://www.mhrd.gov.in/visakha) which provides for: downloading material, registration of volunteers, giving feedback and uploading progress reports.

This campaign may be run for a month between 12<sup>th</sup> December, 2016 and 12<sup>th</sup> January, 2017. A detailed plan of action in this regard is enclosed with the request to follow the date-lines without fail. The Ministry of Human Resource Development proposes to award the best institution which has done commendable work in this respect at a function that will be separately organised.

Yours faithfully,
